MRS. GOODMAN ON HIGH SCHOOL BETA CLUB

Q. How many field trips will the Beta Club take this year?

A. “We may take field trips this year, but if we do it will depend on how many of our students are willing to go. If we do take a field trip this year, it will more than likely be the only one we take.”

Q. How Many Members are in the Beta Club?

A. “We currently have 16 students, and we are hoping to get the 10 other students we are inviting soon.”

Q. How do you plan to help our school and community?

A. “We have been working with the student council on a carnival for the school. We served food for the Board Workshop. Our Beta Club worked with the Reading Night. We also help parents and grandparents coming in for events, and also the Thanksgiving dinner. We have been working on the recycling project, trying to get a project started. We are also trying to get something started at the ballgames, where we are going to give out free snacks and possibly free passes into the ballgames. Other ideas include students that have been making good grades, and who are making the honor roll, will get to go to lunch early.”
